Just another reminder that the Lake Rerewhakaaitu School Principles we have within our Charter are being reviewed. If you want to contribute to this please come down to school or email me your thoughts and ideas. Thank you to all those that have contributed to our consultation process in reviewing our Charter. This input is critical to the school in why, how and what we do at Lake Rerewhakaaitu School.

PTA

The PTA held a meeting this week. It has been a while between meetings with the lockdown taking place. The main focus is to support the school in fundraising for certain projects and teams that support our Lake Rerewhakaaitu school children. The PTA does an amazing job in raising money to support the students, teachers, school and community. If you can help in any way please let the school know. You don't have to work on every fundraising venture, but if you have expertise in certain areas then your help will be greatly appreciated.

Next week

School Photos

School photos are booked for Wednesday the 1st July. Envelopes for orders went out this week. Please aim to return these by school photo day, Wednesday 1st July 9am. This year they will be taking photos of all students so if you are unable to return the forms by this time you will still have a couple of weeks to return these. If not receive one for your child please contact the school ASAP. For those wanting sibling photos there are forms for these in the office.

Disco

Wooohooooo Wednesday 1st July is our school disco. **Junior disco** from 4:30 - 5:30pm. **Dinner** from 5:30 - 6:00pm **Senior disco** from 6:00 - 7:00pm. The theme is camouflage. No toy guns etc please.

Final word

This will be our final week of Term 2. It has been an interesting term with having COVID19 lockdown, distance learning and getting everyone back to school. But we have all contributed to make it work and move forward in a positive way. Thanks to everyone for your support over this time.

Have a great weekend
Take care
Rick :)

The Learning Centre

As a part of welcoming our new students and bringing our class all together after the craziness of COVID isolation, we had a class roast. Students were in charge of peeling all the vegetables, chopping them and getting dessert ready. It took an entire day to prepare but it was well worth it!

Go4it

We have been very lucky to have the opportunity to participate in Go4it. Students have been learning essential skills like teamwork, small ball skills and communication in a fun and exciting way.

PEEL Paragraphs

We have been focusing on the structure of a paragraph during writing. This helps students to construct and form their writing. Students introduce the point (P), then they provide evidence to back up what they have written (E), next they provide an explanation on their stance or what they are trying to convey (E), Finally, students link/wrap up their point ready for their next paragraph (L).
